## SHARED OWNERSHIP

Shared Ownership is a scheme designed to help people who wish to buy a home of their own, but who cannot afford the cost of buying the whole property outright.

Shared Ownership is a great solution if:

- You are a first-time buyer
- You used to own a home, but cannot afford to buy one now
- You own a home and want to move but cannot afford a new home suitable for your needs
- You are forming a new household - for example, after a relationship breakdown
- You are an existing shared owner and want to move

Under shared ownership, buyers purchase a proportion of their home and pay rent to Golding Homes for the remaining share. Service charges will also be payable on the property. This is a New Model Shared Ownership development and the minimum share which can be bought is 10%. In the future, should you be able to afford to, you can purchase further shares in the property, and in most cases you can purchase 100% of the property. At this point you will no longer pay rent.
